**VETO  
02-02-26 V**

The following veto was received from Mayor McDonald.

At their meeting on January 20, 2026, the Highland Park City Council passed a Resolution requesting the Mayor take action regarding the online publication of ordinances. The Resolution was "walked on" and not provided to the law department to review prior to the Council meeting.

The Highland Park City Council is hereby on notice that pursuant to the authority vested in the Mayor under "Charter Section 6-3 Veto of Council Action," I am vetoing this Council action for the following reasons:

- 1) The City Attorney's office was not provided with a written copy of the Resolution prior to the meeting so they were unable to review and approve as to form, as is their obligation to review "written instruments which are submitted by the City Council...in matters of legal nature relating to the affairs of the City" under Charter Section 7-5(6).

- 2) Under Paragraph 4 of the NOW, THEREFORE, BE IT RESOLVED clause, the Resolution states that a failure by the Mayor to comply with its terms would be a "violation of citizens rights". Not only is this an untrue statement, but this threat is a violation of Charter Section 5-4 "Restrictions on City Council", subsection 'c' which sets forth that City Council shall not "give orders to or request any service of any officer..., either publicly or privately."
- 3) Under Paragraph 5 of the NOW, THEREFORE, BE IT RESOLVED clause, there is a false assertion that ordinances are being withheld from the public, when they are already available online via the MuniCode website. In fact, I have long advocated for updated publication of ordinances through the MuniCode site.

This veto hereby suspends the operation of the above-referenced Council action which shall have no legal effect unless the City Council shall, at the next regular meeting, vote to adopt the Council action by the affirmative vote of four (4) of its members.

**WHEREAS**, Highland Park qualifies for the subject grant; and

**WHEREAS**, Highland Park has been successful in past applications, receiving grants for a police vehicle, blue light project, ADA front entrance to City Hall, solar lights, stand-by generator for the Recreation Center, and two heavy-duty pickup trucks with snowplows and salt spreaders; and
